

## February 2023 Foxhunt

The February foxhunt was held Saturday, February 4th. Pete, K6VVR, Jerry, KF7FPD, and Gary, K6JXM were the foxes.

There were four teams for this hunt:

1	Robert, WA6FBA, John, KK6SXH, Toby, KK7JNI, Hailey, no call yet
2	Jeff, WB7RFY, Rich, WB7NRM, Rich WB7NRM, and John, WB9VGJ
3	Byron, KK7BFL
3	Don, KI7OM, and Chris, (I don't have his call)

The results of the hunt were that no team found the transmitters. All the teams has confusing headings on the signal. Our team drove around an area near Willow Lake Rd. and Willow Creek Rd. for many blocks in all directions as the readings we kept getting seemed to indicate the transmitter was there. It was not. The foxes hid in the subdivision south of Pioneer Parkway where Southview Drive goes into the subdivision off of Williamson Valley Rd.

The teams all thought the foxes were being extra devious, but it turns out that wasn't the case. It was a frustrating hunt. Even Robert with his new Doppler setup had no luck as his system was not working as expected.

There are no pictures to post for this hunt.

The participants went to the Prescott Junction for after-the-hunt socializing and telling of tall tales.

We invite anyone interested in foxhunting, especially anyone who has not done it before, to join us. Those new to the hobby can ride with an experienced hunter. We always have a good time, win, lose or draw.

73,

John, WB9VGJ
